

Housing Resources

– compiled April, 2016, by NAMI Cook County North Suburban, www.namiccns.org

Some friendly advice – There is a shortage of housing for people with mental illness. Get yourself or your loved one on all appropriate waiting lists, no matter how long the possible wait. An opening may come up sooner than expected.

If you or your loved one's name is not on a list, **your name can never come up.**

Please check our Mental Health Centers list, as some of these centers, not listed below, may also provide housing

Name	Address	Phone	Website	Notes
