NAMI CCNS Cordially Invites You To:

Supported Employment for Individuals Living with Mental Illness

Meet E-Shawn Spencer, Program Director for the Threshold's Individual Placement and Support Supported Employment program who oversees 9 IPS teams including 2 teams that serve transition age youth.

With over 10 years of experience providing support services to young people with serious mental health challenges, E-Shawn is instrumental in addressing multiple challenges young people face in both obtaining and maintaining meaningful employment.

Supported employment is a cornerstone of Thresholds' diverse array of services, helping clients live their lives with dignity, independence, and respect by obtaining paid employment. By partnering with more than 150 area employers to help clients find jobs, Thresholds' Supported Employment Program places clients in jobs of their choice to create economic independence and further their recovery.

Come learn about the successful IPS model and how you or your loved one can access important employment services.
